

Provo Peaks Elementary  
School Community Council  
October 8, 2019 Minutes

1. Welcome:

Attendance: Present: Mark Burge, Emily Smith, Elizabeth Molinaro, Adriana Reeve, Melissa Butler, Yi Song, Julie Nelson Absent: Wendy Ahlman

2. Review Last Year's Plan: Do we need to make any amendments?

Last year's plan is going well! No amendment is necessary! Everything but FOSS kits have been purchased, and FOSS kits will be purchased soon. For the Story Telling, Central Utah Writing Project is going to come and give teachers training to make sure language is consistent through all grades

3. Safe Routes/Report on current situation of Center Street Crossing:

Crossing guard or police or animal control almost always present. Current safe walking routes look good, though we'd like the city to paint some crosswalks

4. Do we have any results from last year's assessments?

RISE testing result pretty much invalid, but DIBELS results are good. More than straight measures, we're focusing on measuring growth, especially for grades 4-6

There is currently more focus on the ELL students

5. Training Video comments:

Behavioral Interventions, as part of an academic goal, no longer limited to \$5,000, and character ed/civic ed can be included as long as it's part of an academic goal

The school now has a Behavioral Student Success coach, and she is very helpful and making a difference!

6. We need a Rep for the district Sex Ed Committee

Maybe Ana Ramos? If not we will post on parent Facebook page. Maybe call it "Human Development and Maturation Education"?
